This conference/workshop uses **double-blind review**, which means that both the reviewer and author identities are concealed from the reviewers, and vice versa, throughout the review process. Please kindly note that **when authors submit papers for review, the authors' information has to be blinded in the title, the contents, and the reference part**. After the paper is being accepted, the author information will be displayed in the final version of the submitted paper.

Abstract: This document provides a template for MetaACES 2022 abstract submission. The abstract itself should be a single paragraph and must be typed in Times New Roman font, 12 point without paragraph indentation. Type all numbers – except those that begin a sentence – as Arabic numerals. The abstract should be within 250 - 300 words. In addition, include at most 5 keywords of your paper immediately after the abstract. Abstracts should be submitted in both MS Word and PDF formats online to upload abstract (PDF version / MS Word version). Prior to submission, please read and follow the conference templates (PDF version / MS Word version) carefully. Submissions must not be published previously. All the submissions will be double-blind peer-reviewed. The review will focus on whether the work is original and is of good quality.

Keywords: keyword 1, keyword 2, keyword 3, keyword 4, keyword 5
